COLSON'S SECURITY STATEMENT

Colson understands that security remains to be a leading concern for online users. To protect the confidentiality of all loan information, Colson's online facilities require both a User ID and a password. This measure allows Colson to provide you with specific account information while preventing unauthorized access to confidential loan and pool data.

Whenever you retrieve or send sensitive information online, a secure session using Secured Socket Layers (SSL) technology is first established. Colson's web site employs SSL technology, certified by VeriSign™, that uses 128-bit encryption on data transmissions. Online users must use an Internet browser, such as Microsoft Internet Explorer or Netscape Navigator, that supports 128-bit encryption in order to access the secure screens.

If you have any questions, please call Rose Haffiz at (718) 315-5157.
